6. Review and submission of application *(user name and password)*

On the last step, a preview of the completed enrolment application will appear. **Review the data!**
- If the data is not OK, and you want to change it, click on the button "Back" to return to previous steps.
- If the information is correct, continue with the electronic transmission of the enrolment application in eVŠ. At the top of the web page and at the end of the preview is located the button "Submit". After clicking on it on the screen appears a warning that checks, if you really want to submit this application.

- Click on button "Yes" electronically transmits the application in eVŠ and opens the last step of the application - print the application form.

**ATTENTION!** After clicking on the “Submit” button you will not be able to edit the application anymore. Until the application deadline is opened, you can delete it and fill in from the beginning a new enrolment application.
- Click on the button "No" returns you back to the preview of the application.

After clicking on the button "Yes" on the display appears a window with the button "Print application form".

⚠️ Application was sent electronically.

It is MANDATORY to print the application form, sign it, and send it together with its supplemental documents by registered post to the address of the designated higher education institution or service, that is displayed in the printed form at the top left.

ATTENTION!

It is MANDATORY to print the application form, sign it, and send it together with its supplemental documents by registered post to the address of the designated higher education institution or service, that is displayed in the printed form at the top left corner.

If the address is not shown on the printed form, check in the pdf document that you printed. It is possible that the address is not printed due to boundary settings in your printer.
