4. Select and enter the desired study

Depending on the call for enrolment with one application you can submit one or more desires/priorities for study. If it is possible to place more desires after confirmation of the first input click on the button "Add" and place another desired study programme.

4.1. Type of application: Enrolment in first year of study

Enter the desired study.
- Fill in fields step by step.
- The values in the drop-down menus\(^1\) are displayed depending on the selected call for enrollment, application deadlines and entry type that you have selected in the first step in fulfillment of the application.
- You must fill in all fields. In the “Field of study/module” you choose between the values offered in the menu, if there is no offered value, leave the field empty.
- In the next step, the conditions and criteria for enrollment show depending on the education, that you entered in the box “Choose qualification you are applying with.” If you entered in the previous step only one education, it will be automatically offered on this step.

Confirm the data by clicking on the button "Continue". If you do not want to save the data click on the button "Cancel".

---

\(^1\) The drop down menu is activated by clicking on the arrow on the right edge of the field or to start typing the desired word in the box.
4.2. Type of application: Transfer among study programmes

The difference with the previous type of application is that it is necessary to apply for enrolment according to transfer criteria and to then indicate the year in which you wish to enroll.

To continue/ cancel filling in the application:

Saves the entered data on this page of the application form and opens the next step of the enrolment application.

Returns the application to the previous step without saving the entered data on this step of the application.
